COLOUR CONCEPT

Primary colours are red, yellow and blue. They cannot be made from other colours. When we mix two primary colours, we get a secondary colour.

The secondary colour is the colour that is in-between the two primary colours on the wheel. Secondary colours are orange, green and violet.

Tick the box for all the primary colours.

					
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

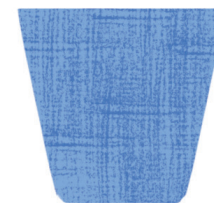

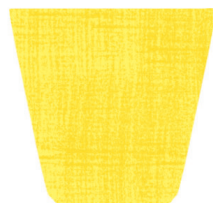

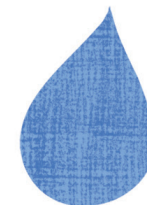

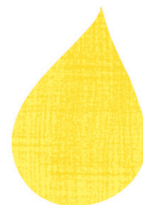

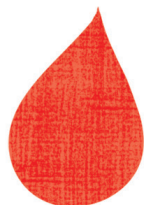

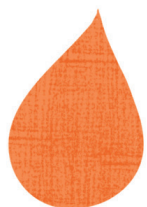

Which secondary colour do we get when we mix these pair of colours? Tick the box for the correct colour.
